

MOBILE MODULAR STORAGE CABINETS

THE *Clevedon* RANGE

INTRODUCTION

Medspace Solutions is a leading provider of innovative storage solutions catering specifically to the healthcare sector. With a commitment to excellence and a passion for creating functional and aesthetically pleasing spaces, we have established ourselves as a trusted partner for healthcare institutions, including the UK's National Health Service (NHS).

We are proud to hold ISO 9001 certification, a testament to our commitment to quality and operational excellence. Additionally, our presence on the NHS Supply Chain showcases our dedication to meeting the high standards and requirements of the healthcare industry.

Introducing **Clevedon**—our premium line of wooden mobile storage cabinets, meticulously designed to meet the unique needs of healthcare environments. Named after the charming town of North Somerset where our head office resides, the **Clevedon** range combines elegance with unmatched functionality.

Crafted to support the HTM71 system of trays and dividers, **Clevedon** cabinets offer a seamless, organised solution for storing medicines and other essential healthcare products. Whether you need flexible storage for a busy clinic or a refined addition to a hospital ward, Clevedon delivers reliability, style, and efficiency in every detail.

Discover the Clevedon difference today — where practicality meets sophistication.

CABINET STANDARDS

Constructed from 18mm MFC with 1/2mm ABS edging. Fitted with universal HTM71 liners allowing the cabinet to use 100mm and 200mm deep HTM71 modular trays.

CONSTRUCTION SPECIFICATION

- 18mm MFC construction
- Aximat 100 full overlay mounting exposed axle 250° hinges
- 192mm steel D pull handle
- Adjustable plastic plinth feet
- Syno 3000 cam lock with keys

CASTOR SPECIFICATION

Our range of castors has a body constructed of a high quality polyamide and a soft Polyurethane tyre. Each cabinet has half braked and unbraked versions, as required.

BASE UNIT WORKTOPS

Our mobile base units are fitted with a white high-quality, hard-wearing, clinical, 12mm Solid Surface worktop.

SLOPING TOPS

Our mobile full height units are fitted with a sloping top to ensure correct manual handling and infection control compliance.

DOOR OPTIONS

Our units are 'open fronted' with no doors as standard. We offer the following door options:

- **Standard solid (-D)** - The most popular door option. 18mm MFC ABS edged lockable door fitted with 270° hinges. With 200mm steel D-handle and cam lock.
- **Polycarbonate (-PCD)** - Lockable transparent acrylic door with 270° hinges. With 200mm steel D-handle and cam lock.
- **Roller shutter (-RS)** - A lockable, molded channel, tambour door. Easy operation, smooth and safe.
