

MOVATRACK K100

Yewdale Anti-Ligature Curtain Cubicle Track System

Description

Used in mental health facilities worldwide, the rigid, high-grade aluminium track can be ceiling or wall fixed with magnetic brackets providing a 100% fail-safe anti-ligature use. Maintenance-free, with self-lubricating wheeled roller hooks and a curtain removal point as standard.

Complies fully with the requirements of HTM66

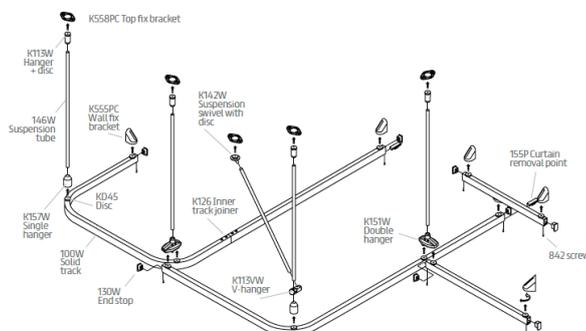

Features

- Mounted on magnetic brackets
- Spans up to 2.5m between hangers
- Self lubricating roller runners
- Silver anodised track
- Any RAL colour available to order
- Biosafe antibacterial treatment option available within white powder-coated finish only
